1. Shift base size to large, grade up to XL, down to XS.
2. Place button holes through back facing and shell at the current location for the button placement.
3. Add 3 buttons to each strap, centered. Bottom button should be 5/8" up from edge of strap, and space buttons 1" apart from center to center
4. Corners of each pocket should have a triangle stitch, to secure the pocket to the shell. See details tab.
5. Change invisible zipper to lapped zipper, using coil zipper.
6. Shorten garment length 1/2"

1. Reduce hem sweep 1", blend side seam curve from hem to 1/2" below zipper notch, on both sides.
2. Hem tension is off, causing puckering. Please correct.
3. Please clip all hanging threads.
4. Please ensure all edges of pocket are tucked in before topstitching. We cannot have raw edges popping out.
5. Zipper is not properly installed: the lap should have no visible gap. The topstitching is not even. Please correct.
6. Zipper was not clipped and shortened. Please make no longer than 1/2" below bottom of zipper opening.
